## People and Firms

*Architectural Record* featured Studio Daniel Libeskind, HOK and **CBT** in a story about Seaport Square; the luxury condo project above Copley Mall Place by **Elkus Manfredi Architects**; **Payette's** work on the Earth Sciences Building and Museum of Natural History at Amherst College and PSDI complex at MIT; **TRO Jung|Brannen's** Patient Care Tower at York Hospital in York PA; Brick in Architecture Award winners **Hacin + Associates** for Project Place House Gatehouse in Boston; **Gund Partnership** for The Ensworth School of New Campus Development in Nashville TN; **DiMella Shaffer** for New Gables Student Residence Hall in Durham NH; and **TRO Jung|Brannen** for Cancer Care Center in Augusta ME.

*Boston Business Journal* quoted **Steve Brittan Assoc. AIA** of **Burt Hill** in a story about project owners involving engineers in the design phase.

*The Boston Business Journal*, *New England Property Report* *Weekly Insider*, *WBZ News* and the Associated Press reported on **Build Boston's** programming and economic contributions to our city.

*The Boston Globe* reported on the city's Dudley Square municipal office facility design competition in a follow-up to a story on the Dudley Square Community Charrette and Design Competition, held by the BSA, the BRA, Common Boston and the Roxbury Masterplan Oversight Committee last spring. For *The Globe*, **Robert Campbell FAIA** wrote about historic preservation and the Ames Shovel Works in North Easton; the Springfield courthouse designed by **Moshe Safdie FAIA**; and Gwathmey Siegel's restoration of Paul Rudolph's Art+Architecture Building at Yale.

*Boston Globe Magazine* featured Annsley Interiors, Lin Oldham Design, **ONY Architecture** and Spazio Rosso Interior Design.

**ADD Inc's** design for 700 Harrison Avenue in Boston was a finalist in the 2008 Design Excellence Awards at Multi-Housing World in Denver; the urban development includes 84 residential condominiums, a significant affordable program, ground-level retail/restaurant space and the preservation and relocation of a nearby community garden.

**Rosalyn Elder AIA, LEED** is serving on the USGBC's Massachusetts Membership Forum Leadership Council.

Lisa Howe LEED, director of preservation at **Goody Clancy**, presented at the Association for Preservation Technology International 2008 conference on "Climate Change and Sustainable Preservation: Restoration and Renewal—Reshaping Sustainability." The firm received two New England Regional Golden Trowel Awards from the IMI: the Brain and Cognitive Sciences Complex at MIT was awarded Best Contemporary Design Project—Stone, and Sever Hall at Harvard University was honored in the restoration category.

**Gund Partnership's Graham Gund FAIA (1)** spoke at the Kenyon College Peirce Dining Hall renovation and expansion dedication ceremony. Sarah Roszler became a LEED-accredited professional and Doug Larence joined the SMPS Programs Committee.

**Mark Hutker AIA (2)** of **Hutker Architects** has been inducted into the New England Design Hall of Fame.

**Joseph Castner AIA, RIBA, LEED** is the new managing director of **KlingStubbins'** Cambridge office.

With the release of his book *Suburban Transformations*, **Paul Lukez AIA (3)** of **Paul Lukez Architecture** gave lectures this past year at Politechnic University of Catalunya, Washington University, North Carolina State University, University of Toronto and Northeastern University.

**Hubert Murray AIA, RIBA (4)** is the new manager of sustainable initiatives in Partners HealthCare's Department of Real Estate.

**Perry Dean Rogers | Partners Architects' Ned Collier AIA, Rupinder Singh AIA** and Rebecca Whidden have become LEED-accredited professionals.

**Carole Wedge FAIA**, president of **Shepley Bulfinch**, was a panelist on "Diversity and the Global Marketplace" at AIA's Western Mountain regional conference in Santa Fe NM. **Elise Woodward AIA** and **Kevin Triplett AIA** presented "Collaborative Interdisciplinary Features for Successful Undergraduate Science Programs" at a Tradeline conference in San Diego.

**Siemasko + Verbridge** received top honors for "Best Residential—Private Design" at the Annual IIDA New England Interior Design Awards.

**Signer Harris Architects** welcomes principal Sherwood Butler III (5).

**SMMA/Symmes Maini & McKee Associates' Rebecca McWilliams AIA** and Gordon Brewster PE spoke on "BIM at SMMA—Lessons Learned" at the imaginIT BIM Forum in Orlando FL. **Susan Davis AIA, LEED** presented "Project Management 101" to ASPE in October. President and CEO Ara Krafian PE presented the 13th annual SMMA Founder's Scholarship at the 2008 Massachusetts Building Congress Hall of Fame Awards dinner. Three SMMA projects received IMI New England Regional Golden Trowels awards: Swampscott High School, Providence College's Suites Residence Hall and the Dr. Albert F. Argenziano School in Somerville.

**Jeff Stein AIA** was the commencement speaker at Taliesin West's graduation ceremony.

**Steffian Bradley Architects** welcomes London director John Cherrington RIBA (6).

**Taylor & Burns Architects'** work on the Bennington College Student Center received an Honor Award for Design Excellence from the BSA and an Honor Award for Design

**GEI Consultants' Tom Chase**, a new employee, has just returned from the Namawanga Village in Western Kenya—his second trip with the UMass chapter of Engineers Without Borders. The group is working toward designing a safe and sustainable water supply system for 1,500 subsistence farmers in Western Kenya, and Chase plans to return at least once more before the project wraps up in 2010. GEI has donated funds and training materials to the clean-water project and adjusted the commencement of Tom's employment in support of his efforts. Photograph courtesy of Tom Chase.

New and current projects by **Goody Clancy** include the new Academic Science Facility at the University of Massachusetts-Boston and, with Flynn Battaglia Architects, providing facilities masterplanning services for the New York State University College at Buffalo (above). Rendering: Goody Clancy.

**Bond Brothers** recently completed Harvard Northwest Science Center with SOM architects. Photo: Gregg Shupe.

HGTV's "Beyond the Box" series featured the home of **Mark Hutker AIA** of **Hutker Architects**. Photo: Brian Vanden Brink.

The Hangzhou Sustainable Pavilion is being designed by the China Vision Project (CVP)—a joint-venture team of **Brooks Mostue AIA**, **Jue Zhan** and **Paul Lukez AIA**. The Pavilion and its adjacent park (designed by C2 Landscape Architects) are located in the forefront of a large housing development estate in Hangzhou, China. Interior design is by **THEREDesign** and **The Design Initiative**. Mechanical engineering is by the Hickory Consortium and KSG. Schematic structural engineering is by SGH. Rendering: Paul Lukez Architecture.

Excellence from AIA New England; *Architectural Record* featured the project online in November.

**TRO Jung|Brannen** won the 2008 CMAA Project Achievement Award for 22 Boston Wharf Road; the project was the winner in the category of Buildings Project, Renovations/Modernization, Less than \$20 million. The firm won an Honor Award for Design Excellence from AIA Central Pennsylvania for York Hospital's Patient Care Tower. New England Biolabs' new green research and manufacturing facility, designed by the firm, achieved LEED certification and was featured on the Greenbuild tour in November. **Paul Szafir Assoc. AIA**, **Andy Golubitsky Assoc. AIA** and Nick Votaw PE have become

LEED-accredited professionals. Senior associate Eva Payne IIDA, ASID, LEED won an award from the American Academy of Healthcare Interior Designers. Principal **David Rhodes FAIA** led a web seminar about the firm's award-winning work on Shenzhen Third People's Hospital in China; the project recently took the top award in the "Unbuilt" category in the National AIA Healthcare Design Awards.

ZweigWhite named **Tsoi/Kobus & Associates** a 2008 "Hot Firm." *Banker & Tradesman* named associate Sapir Ng (7) one of its "New Leaders" for 2008; the inaugural award recognizes "the 40 most accomplished upcoming executives in Massachusetts' banking, real

estate, legal and financial sectors." **Rick Kobus FAIA (8)** was featured in *Contract* magazine's "Perspectives" column for November.

**Winter Street Architects** co-founder **Paul Durand AIA (9)** was invited to be a contributor on the Creative Economy Association of the North Shore's new website and professional blog, which will feature insights and acumen from top businesses and local experts to help other creative companies succeed. Director of business development Allison Brooks (10) received her MBA in innovation and design management from Suffolk University. The firm welcomes principal **Mary Beth Di Figlia AIA (11)**.

Led by principal engineer Jordan Goldman (12), **ZeroEnergy Design** completed the mechanical engineering and energy design of the *Boston Magazine* Design Home 2008 for The Green Company; tickets to tour the home, located in the Five Lanterns neighborhood of The Pinehills, are being sold to raise money for the Greater Boston Food Bank. The firm showcased a newly completed net-zero energy home in Truro as part of Northeast Sustainable Energy Association's Green Buildings Open House; firm co-founders **Stephanie Horowitz Assoc. AIA (13)** and Ben Uyeda (14) welcomed one of the largest turnouts for the event in New England, with approximately 300-plus visitors.

**Incite Architecture** received a design award from *Builder Magazine*. **Bill Hubner AIA** traveled to Washington DC to attend the Builders Choice Award ceremonies in October, where a "Special Focus" award was given to the firm for the Dixon Sound Studio in Concord (above left), a listening and composing studio that doubles as a guest house and home theater. Photo: Barry Heatherington.

**Bergmeyer Associates** recently completed renovations to the Waterman Street Visiting Scholars Residence at Brown University (above), the Marine Shop at Quantico VA and L.L. Bean in Pittsburgh, which is expected to achieve LEED Silver certification. Photo: Richard Mandelkorn.

**Gensler's** new offices at One Beacon Street received LEED Gold certification. Photo: David Joseph.

New England Cable News' "New England Dream House" featured a Weston whole-house renovation designed by **Foley Fiore Architecture**. Gregory Lombardi Design and general contractor FBN Construction collaborated on the project, which also was recognized by the Builders Association of Greater Boston with two 2007 PRISM Awards. Photo: Eric Roth Photography.

Preservation Massachusetts held its fall event honoring the most endangered historic resources at 311 Summer Street, a recent historic renovation and the new home of **ADD Inc**; the building was also on the Greenbuild Tour in November. Photo: ADD Inc.

## New Work

**Bergmeyer Associates'** recent and current work includes a feasibility study for the adaptive reuse of the Eustis FireHouse as the headquarters for Historic Boston; and renovating four food-service spaces for the U.S. Senate at Dirksen Hall in Washington DC.

**Cambridge Seven Associates'** new work includes the South Campus Academic Facilities project for the University of Massachusetts, Lowell; the work includes the preparation of a south campus implementation plan and certifiable building study for a new academic building. The firm is designing two new facilities for Kuwait University to house the College of Women and the College of Business.

**Cannon Design** completed a feasibility study for Boston College and will upgrade the air-conditioning systems serving Silvio O. Conte Forum, the 8,606-seat home of Boston College's basketball and hockey teams.

**CBT** is designing a new clubhouse for the Tedesco Country Club in Marblehead. The Mandarin Oriental Boston celebrated its grand opening in October; in addition to being Boston newest luxury hotel, the Mandarin features condominiums, one- to two-bedroom apartments, function rooms, a spa, fitness, retail and restaurants. Foster + Partners and CBT celebrated the "topping off" of the Museum of Fine Arts Boston expansion project; during the

ceremony, the final beam was placed atop the steel structure of the Ruth and Carl J. Shapiro Family Courtyard, adjacent to the Museum's new American Wing.

**Kallmann McKinnell & Wood, Architects'** new work includes the Ukrainian Catholic University's new campus in Lviv, Ukraine.

**Miller Dyer Spears** is designing a new Job Corps Center in Manchester NH and is overseeing the renovation of the Massachusetts College of Art and Design Kennedy Campus Center in Boston and the Perkins School for the Blind in Watertown.

**Perry Dean Rogers | Partners Architects** is working on the masterplan for the University of Massachusetts, Lowell's north, south and east campuses and the programming and preliminary design study for the campus center at the University of Arkansas, Fayetteville.

**rauhaus freedenfeld & associates** is expanding its previously designed Veterinary Emergency & Specialty Center of New England in Waltham.

O'Donnell Hall, home to New Mexico State's College of Education, was marked with a ceremony in September, completing the first of a three-phase renovation designed by **Shepley Bulfinch**. Elsewhere in the state, the new Centennial Engineering Center at the University

of New Mexico—the largest building on campus—also was dedicated.

**SMMA/Symmes Maini & McKee Associates** is working with J&J Contractors on the design of a 40,000-sf office building for the U.S. Air Force on Hanscom Air Force Base. SMMA is also working with J&J on three new Armed Forces Reserve Centers for the Massachusetts Army National Guard, the U.S. Army Reserves and the U.S. Marine Corps Reserves.

**TRO Jung|Brannen** completed Mount Washington Resort's new green roof, the "Jewell Terrace," which tops the new Presidential Wing housing the Spa and Conference Center. New and current work includes designing the new 27,000-sf emergency department for Caritas Christi Healthcare System's Holy Family Hospital and the new 10,000-sf radiation therapy center project for Saint Elizabeth's Hospital; engineering and designing the Brigham and Women's Hospital electrical infrastructure upgrade project; architecture and interior design for two locations (Bay Pines and West Palm Beach FL) with two linear accelerators and support areas; and programming and design for the University of South Alabama Medical Center's Children's and Women's Hospital bed tower addition in Mobile AL.

**Winter Street Architects'** new work includes an infrastructure upgrade project for Liberty Mutual at its headquarters in Boston with Syska Hennessy; four new multi-tenant and affordable-housing projects in Peabody, Wenham, Lynn and Beverly; and multiple interior office and laboratory renovations at Harvard Medical School. Current work includes supporting construction administration on a building rehabilitation at Harvard Medical School seeking LEED Gold certification; the redesign of Merrimack Pharmaceuticals in Cambridge; and additional services with BOSE at its global headquarters in Framingham.

## Fame

Submit your news for Fame online at [architects.org/submission](http://architects.org/submission).

## Corporate Affiliate News

*Boston Business Journal* featured **BSC Group** and **GEI Consultants** in a story about project owners involving engineers in the design phase.

*The Boston Globe's* "100 Top Places to Work" issue honored **Commodore Builders, Jones Lang LaSalle, RDK Engineers, Shawmut Design and Construction, Skanska USA Building and Woodmeister Master Builders**. Read the full report online at [boston.com/business](http://boston.com/business).

**Acentech's** new projects include vibration consulting for Mass General Hospital in Boston; audiovisual and acoustical consulting for Northern Kentucky University's Informatics Building in Highland Heights KY; and noise and vibration consulting for One Roxbury Crossing (proposed retail space) in Boston.

**Advanced Signing's** current work includes an interior and exterior upgrade at 232 Fourth Avenue in Waltham for Boston Properties with Burke+Design; exterior entrance signs at 100, 200 and 300 5th Avenue in Waltham for DivcoWest Real Estate Investments; exterior wayfinding at Wiggins Avenue in Bedford for Alexandria Real Estate Equities; a lobby upgrade at 99 High Street in Boston for Jones Lang LaSalle; and an interior and exterior sign program, designed by STUDIOS Architecture, at 10 Presidential Way in Woburn for Nordblom Company.

**Barr & Barr** welcomes chief estimator Noriko Hall. The company promoted Joseph Petrillo to director of preconstruction services for New England/Mid-Atlantic operations.

**Bond Brothers'** recent and current projects include Life Sciences Building for Dartmouth College; residence hall for Roger Williams University and Griffin Academic Building for Mass. College of Pharmacy and Health Sciences, both with Perkins + Will; Integrated Science Center for College of the Holy Cross with Einhorn Yaffee Prescott Architecture and Engineering; Media Lab expansion for MIT with Maki and Associates and Leers Weinzapfel Associates; New Science Center for Stonehill College with The S/L/A/M Collaborative; Paramount Center for Emerson College with Elkus Manfredi Architects; Radiation Oncology for Caritas Good Samaritan Medical Center and CT/MRI for Holy Family Hospital, both with JACA Architects; and Harvard Ten Akron St. student housing with Kyu Sung Woo architects.

BSA President Jim Batchelor FAIA and the BSA board of directors are privileged to welcome new corporate affiliate member **Gerry Sullivan IT Consulting** (computer/network support). For details on corporate affiliate membership, visit [architects.org/membership](http://architects.org/membership) or contact membership director Karin Broadhurst at 617-951-1433 x228 or [kbroadhurst@architects.org](mailto:kbroadhurst@architects.org).

1, Sheryl Moline.  
2, Thomas Lingner/The Able Lens.

**Carol R. Johnson Associates'** new work includes landscape architecture for EMAAR's new residential tower in the "morning shadow" of Dubai Burj (currently the world's tallest building) with Michael Graves Associates; landscape architecture for Sorouh Real Estate's new mixed-use Al Mashtal project on 21st Street in Abu Dhabi, United Arab Emirates, with Arup and Arquitectonica; and a masterplan for the 118-acre Stamford CT Museum and Nature Center with Tai Soo Kim Partners.

**C.E. Floyd Co.'s** recent work includes a new 50,000-sf clubhouse at Wellesley Country Club with Rob Bramhall Architects and additions and renovations to The Heritage at Framingham, an assisted-living facility, with Gorman Richardson Architects.

**Columbia Construction's** new work includes a 6,000-sf fit-out of Macquarie Holdings at 225 Franklin Street in Boston with Cubellis. The company celebrated the topping off for the new 90,000-sf Replacement Hospital on Martha's Vineyard with Thomas, Miller & Partners; the project will seek a LEED Silver rating. The company's Outreach Committee organized a blood drive at its corporate headquarters; nearly 50 percent of staff members who participated were first-time donors.

**Commodore Builders** completed Phase 1 & Phase 2 of Boston Architectural College's 15,000-sf property on Boylston Street in Boston with Adaptive Environments and Arup.

**GEI Consultants'** Nathan Whetten PE, CG has been elected president of the Connecticut chapter of the American Council of Engineering Companies.

**Gilbane Building** welcomes project executive Donald Sabourin (1) to its Special Projects Group in Massachusetts.

For Greater Boston Food Bank, **Howard/Stein-Hudson Associates** prepared construction documents for reconstruction of South Bay Avenue and Topeka Street in Boston's Newmarket area. HSH evaluated the existing soil conditions of the prior industrial site, designed the roadway, prepared the contract and represented the owner in negotiations with agencies; this design work directly followed on the proposed mitigation HSH developed during its earlier work on the project's Article 80 process.

**Midland Construction's** new and recent work includes renovations for the Federal Reserve Bank of Boston with Burt Hill; a specs suite at One Financial Center for Jones Lang LaSalle with Dyer Brown & Associates; a specs suite for BPG Management at 18 Tremont St. with Fusion Design Consultants; PFM Group 10th floor expansion at 99 Summer St. with spg3; and renovations for Loomis Trading Room at One Financial Center with Gensler.

Susan Shelby CPSM (2), principal of **Rhino PR**, spoke on "Publicity: Going Beyond News Releases" at the October BSA Marketing Wizards meeting.

**R.W. Sullivan Engineering's** recent projects include Genzyme Xray; Northeastern University Blackman Auditorium Ph2 with William Rawn Associates; Lahey Clinic 5th floor central and East Cardio Conference; Children's Hospital Boston Blood Donor Center with Shepley Bulfinch; Harvard University Hilles Daycare with KVA Kennedy & Violich Architecture; Lesley Art Institute with Bruner/Cott & Associates; Children's Hospital Boston Karp Change washer and lobby decanting with Martin Batt Architects; Bishop Peterson Hall with DiMella Shaffer; Harvard Vanguard Medical Associates with Steffian Bradley Architects; Fidelity in Savannah GA, Louisville KY and Birmingham AL with Gensler; LI Microsoft Renovation with TRO Jung|Brannen; 125 High Street with Margulies Peruzzi Architects; and TD Bank at 101 Canal Street with Cubellis.

**Shawmut Design and Construction's** new work includes Milton Academy's Science Building with William Rawn Associates and three labs at Harvard University with Perkins + Will. The company completed the fit-out of the new Shawmut Conference Center at Wentworth Institute of Technology, donating its services to build the multimedia conference space and reinforcing its strong recruiting partnership with the school. The company is renovating MIT's W1 building (currently Ashdown House) with Miller Dyer Spears into an undergraduate residence hall. Shawmut recently won several awards: Crain's NY Best Places to Work, *The Boston Globe's* Top 100 Places to Work and a G2E 2008 Casino Design Award for Best Overall

# membership news

Construction Project for a Casino Resort Under \$200M for its Koi restaurant project in Las Vegas. The company welcomes Cathy Edgerly as director of business development for its cultural and historic group.

**Stantec's** recent projects include masterplanning services at The Roxbury Latin School with Architectural Resources Cambridge, as well as design, permitting and construction services for drainage and sidewalk improvements at various locations for the Newburyport Department of Public Services. The American Sports Builders Association recognized Stantec's sport division for Amherst College's Gooding Field, Teddy Ebersol's Red Sox Fields and Phillips Academy Andover's Phelps Field.

**Tighe & Bond** welcomes Briony Angus AICP.

**Van Millwork** has added a wide variety of hardwood flooring to its expanding design-center product lines. The array of exotic woods, unfinished, prefinished and bamboo all comes from leading manufacturers such as Bruce, Stuart, Hawa and BR-111.

**VHB/Vanasse Hangen Brustlin's** new and current work includes design of a new building expansion and renovated space at the Lahey Clinic in Burlington with Shepley Bulfinch; site/civil engineering services in support of Children's Hospital—Boston's planned facility expansion in Peabody; a parking study to support intermediate- and long-term planning objectives at St. Elizabeth's Medical Center in Brighton with TRO Jung|Brannen; engineering services to support Partners Healthcare/Massachusetts General Hospital's initial planning efforts surrounding its Nashua Street holdings in Boston; site/civil permit plans, storm-water-management design and traffic-engineering services for Phase 1 of the Wilkins Ambulatory Campus Master Plan in Barnstable; a campus storm-water masterplan for Norfolk State University in VA; and engineering/environmental services in support of a new student center at Tidewater Community College's Chesapeake campus in VA.

**WB Engineering | Consultants'** recent projects include Cole Haan at 109 Newbury Street in Boston with Callison Architecture; Verizon upgrades in Bridgewater, Buzzards Bay and Whitman; Frankel at 4 Cambridge Center in Cambridge for Boston Properties; and Leggat McCall at 10 Post Office Square in Boston. The company has outgrown its existing facility and moved to the fifth floor of 263 Summer Street; its telephone and fax numbers facsimile remain the same.
