

**Blackstone Valley Vocational Regional School District - Blackstone Valley
Regional Vocational Technical High School**

Project Summary: Blackstone Valley Regional Vocational Technical High School. Blackstone Valley will study a number of "greening" opportunities to achieve the most appropriate balance in terms of financial investment/payback and educational opportunities. Among the priorities for the feasibility study are solar photovoltaic panels, natural lighting systems, solar hot water and water conservation/greywater recycling. MTC Grant amount: \$20,000
