

Dedham Public Schools New Middle School

Project Summary: The Feasibility Study Award will allow Dedham to examine the best way to construct the new Dedham Middle School as a high performance green school. Opportunities to be examined with the grant are: the potential for wind power, photovoltaics, fuel cells, landfill gas fueled microturbines, rainwater recycling systems, high efficiency irrigation systems, daylighting opportunities, improvements to indoor air quality and the use of environmentally friendly building materials. MTC Grant Amount: \$20,000

Contact: Antonio Fernandes, Superintendent of Schools, 781-326-5622
