

KidsBuild! Sponsorship 2018

KidsBuild! is the largest event in the Family Design Days series at BSA Space on Atlantic Wharf. Family Design Days encourage children and adults to observe, explore, and design together. These programs are produced by the BSA Foundation, a 501(c)3 organization.

Guided by professional architects, over 800 children and their families will build a city in the lobby of 290 Congress St., home to the Boston Society of Architects and BSA Space on April 7th & 8th 2018. Families will choose a construction site from a fictional city grid, design and build a building out of recycled materials, and be awarded a certificate of occupancy from the city building inspectors. Geared for children age five–13, KidsBuild! allows children to understand and formulate ideas about architecture and design as they build a city from the ground up. The city will remain in place in the lobby of Atlantic Wharf to be enjoyed by the public for one week.

Sponsor: \$2,500

- Sponsor logo on the event page on the BSA, BSA Space and KidsBuild! website
- Sponsor logo on all promotional materials including onsite materials at the event and viewing period
