Mentoring
connect with experienced colleagues
learn new skills
gain invaluable experience and insights
grow personally and professionally
NEW HIRE BUDDY

Did you recently join the firm and need help navigating the waters?
Do you prefer to identify your own mentor, dislike formal structure and oversight, but want the right help at the right time to immediately improve your knowledge, enhance a skill, or gain exposure to a process or client?
Do you have clearly-defined professional development goals, appreciate structure and prefer a formalized one-on-one relationship?
Are you interested in an experience that will allow you to learn from experienced colleagues, develop a common goal/competency and grow your internal network?
