MENTOR PROGRAM AND QUARTERLY CONVERSATIONS

PCA is committed to the betterment and growth of our employees through our mentor program. Upon hire, employees are paired with a mentor. Every 3 months, you and your mentor will meet for your quarterly conversation. These conversations will cover topics such as firm feedback, career development, job performance, expectations, and goal-based work plans. Although conversations occur quarterly, please know your mentor is always available. Employees are given the opportunity every year to choose a new mentor. Compensation evaluations are scheduled approximately every twelve months.
