9	In one municipality, ZOOM is being utilized for entitlements such as ZBA and Planning Board public hearings. On another commission, we are assisting a client by preparing a video presentation for a critical Town Meeting involving a large-scale life science project. The challenge we all face is the delays with the City of Boston to advance projects in the planning stages. City needs to articulate a well conceived program to manage entitlements etc. and employ the power of technology!	4/30/2020 4:56 PM
